# *Annual Report 2016*

The members of the Glenside Fire Protection District take great pride in providing the residents and visitors of the district with quality cost effective care each and every day.

The district responded to 2,579 requests for service in 2016, an increase of 10% over 2015's 2,349 calls. Of the 2,579 responses 61% were for Emergency Medical Services (down 3% from 2015). Our Paramedics and Emergency Medical Technicians had contact with 1,851 patients and provided advanced life support care to 993 of them.

There was no fire fatalities and one casualty fire related injury in the Glenside Fire Protection District in 2016. The district saw a 97.22% dollar value saved of fire loss in 2016. The total fire loss in 2016 was \$398,425 while in comparison 2016 saw an estimated total fire loss of \$432,112. The majority of this loss came from twenty-two unintentional fires and five that are still under investigation.

# *The Glenside Fire Protection District*

The Glenside Fire Protection District was created in June of 1969 through a referendum approved by the voters of the Glen Ellyn Countryside unincorporated area and the voters of the Village of Glendale Heights. In October of 1970 a new fire station was dedicated to house 6 pieces of fire equipment and provided a training room and living areas for the firefighters. In 1984 there was an addition of two long apparatus bays on the west side of the original building and in 1994 a two phase renovation project was started. The first phase, the renovation of the apparatus bays and the underground fuel storage tanks was completed during 1994. However, the second phase, the demolition of the meeting room and living areas of the original building and the construction of new living areas and administrative offices had to wait for funding. In March of 2002 the residents of the Glenside Fire Protection District voted to approve a 3 million bond issue to renovate the 32 year old fire station. On July 31, 2004 the dedication of the renovated fire station was opened to the citizens for their inspection. The building which was funded by the citizens is expected to serve the community for the next century.

Each day, 24 hours a day, a minimum of five persons are on duty to respond to a variety of emergency incidents. Monday thru Friday from 8AM until 4:30PM an administrative staff of five additional personnel are on duty. Fire Chief Russell Wood and Deputy Chief James Reid manage the daily operations. Three Trustees, Nick Kosiara, Sharon Christopher, and Richard Osborn, are elected by the citizens of the fire district to administer the funds and set policies. Three Commissioners, William Wilson, John Tautkus and Marty Olsen are appointed by the Board of Trustees and served in 2016 to support the hiring and promotional processes of full-time firefighters for the District.

The District is a multi-million dollar operation protecting 34,000 citizens in the community 24 hours each day 365 days each year. The District is proud to have an ISO Class 3 rating and was OSHA inspected during 2016 with no violations.

# *The Glenside Fire Protection District*

On June 12, 2016 members of the Glenside Fire Protection District were recognized at the monthly board meeting for their efforts in earning the Earth Flag. The flag was presented by SCARE (School and Community Assistance for Recycling and Composting Education) and DuPage County through a resolution of commendation.

The award-winning Earth Flag Certification Program was developed by the SCARCE Team to help organizations be more environmentally responsible. The program is funded by the DuPage County Environmental Committee.

Some requirements involved with earning your flag include an on-going recycling program, waste or energy reduction activity and green audit. The Earth Flag signifies that green initiatives have been implemented and training was completed by at least 75% of its members. The Earth Flag has been received by schools, libraries and villages but Glenside is the first Fire District to be recognized by the County.

Fun note: The picture of the Earth on the flag is the original picture taken in 1969 from our astronauts on the moon.

The Glenside District representatives, Chief Wood and Admin Laura Haiden, provided a power point presentation to the DuPage County Board Environmental Committee at the DuPage County building in October, 2016. They were recognized for their environmental impact in DuPage County for the Sharps Disposal Program and received another Earth Flag.

## Disposal Numbers:

	2015	2016
Containers Collected (Note: various sizes)	157	458
Waste by Volume	20.3 cubic ft	74.5 cubic ft
By Weight (Approx.)	270 lbs	990 lbs
Cost of Disposal & Additional Containers	\$453	\$1,799
Donations Collected	\$42	\$702

## *Station Projects*

Additional outside lights were installed to better light the District's flags at night.

Throughout the year, the flags are flown at half-mast by either order of the President or Governor, on special days of remembrance or when recognizing military deaths (started after September 11, 2001).

The little engine that could...the District said goodbye to the reserve Engine - a 1989 Pierce Pumper/Engine.

The vehicle was sold to Homewood Acres Volunteer Fire Dept in Illinois and is now running as their front engine on fire calls.

### FUN FACT:

The engine had 75,129 miles on it when sold.

## *District Grants*

The Glenside Fire District along with 11 other fire stations received a Federal Grant for the assistance to purchase the Driver's Training Simulator you see below. Each station will have one month out of the year to utilize the simulator for their staff.

Every firefighter was required to complete the drivers simulator during the District's first rotation in December.

The simulator will be returned to the District again in December of 2017.

## Incidents and Fire Loss

An attic fire on Hale Ct. took place on April 24, 2016 was controlled with the assistance of auto aid company members from Addison, Bloomingdale and Carol Stream Fire Protection Districts. The fire caused significant damage to the structure and left it uninhabitable.

## Incidents and Fire Loss

February 19, 2016 we responded to a fire at 1580 Bloomingdale Road. The fire was caused by an unattended candle. The store was able to re-open later in the day.

Pictured is Lieutenant Chris Cavanaugh in front of the store.

The new Kawasaki "mule" was introduced at the 2016 Glendale Heights Fest. The upgraded utility vehicle can carry a laying down patient in its rear pull-out tray and allow for an EMT to also ride in back.

Purchase of the vehicle was in cooperation with the Village of Glendale Heights.

### Noteworthy Facts:

There were 6 cooking fires accounting for 55% of all residential related fire calls in our District. Cooking area fires caused approximately \$78,200 in damages.

There were 7 vehicle fires in 2016.

122 hazardous condition calls (with no fire) accounted for 5% of calls for the year and were primarily related to gas leaks or carbon monoxide.

Red Shift took the most calls in 2016 with 34.12% of all calls and were the busiest on Fridays.

## Incidents and Fire Loss

March 9, 2016 an attic fire on Hesterman brought auto aid companies to the District's response call.

## Incidents and Fire Loss

Glenside Fire also went auto aid to Bloomingdale for a large garage fire on July 2, 2016.

This was part-time firefighter Greg Gravina's first fire. Greg can be seen on a main hose line with the guidance of then Acting Officer Rich Cassady.

In 2016 residential fires caused \$159,750 in estimated property loss for homeowners, \$8,000 in estimated merchant/business property loss and \$30,530 in vehicle loss.

## Personnel With The District

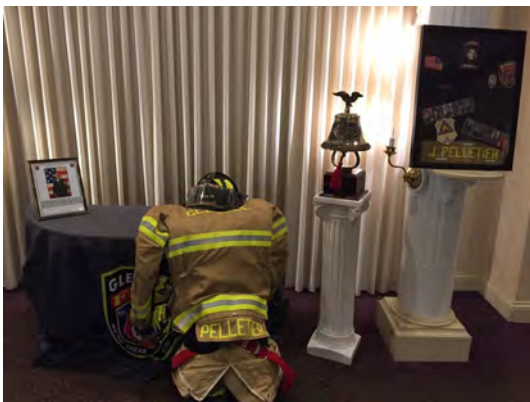

### In Memory of Jerome “Jerry” Pelletier

The District suffered through the loss of a great firefighter and a sensational individual. Jerry Pelletier served the District from October 25, 1978 through 2016.

Jerry started with the District as a volunteer and more recently as a SAO (Serve as Officer) part-time firefighter/EMT. Jerry ensured that every new part-time recruit received the same essential “Glenside quality training” that its members are recognized for.

Jerry was diagnosed with pancreatic cancer and fought for one long year. Jerry and his family were actively involved in the community. The District felt the impact of losing a seasoned veteran.

## Board Meetings

### Recognition of Life Saving Efforts - Citizen Award

Chief Wood represented the District in recognizing a young lady who showed quick thinking and life saving efforts when assisting her younger brother who had been choking on an apple.

### Illinois Fire Chief's Association / IFSAP Recognition

Administrative Assistant, Laura Haiden, was nominated by Chief Wood and was honored with receiving the Illinois Fire Chief's Association Administrative Professional of the Year award for 2016 in December. Laura was recognized for her contributions to the fire service, involvement with the IFSAP board and committees, volunteer work and time with the National Fallen Firefighters Foundation golf tournament held annually for the last eight years.

# District Training & Certifications for 2016

## Hazardous Materials Training

March, 2016 - companies train on controlling and confining hazardous liquid spills. The District has 3 Hazardous Materials MABAS Division 12 Team members that can be called out when needed.

## Roof Training

March, 2016 A nice spring day outside allowed roof training to take place in the parking lot.

## District Training in 2016

### Training Classes & Exercises

#### Ice Rescue Training

on February 18, 2016 was completed on one of the ponds at the Glendale Lakes Golf Course.

#### Wednesday Night Drill Training

Wednesday drill exercises and training were provided to all shifts and part-time firefighters at Wednesday training nights on various topics in 2016.

Noteworthy: The District recorded almost 6,000 hours of instruction led training for firefighters in 2016.

## District Training in 2016

### Chief's Cup Challenge

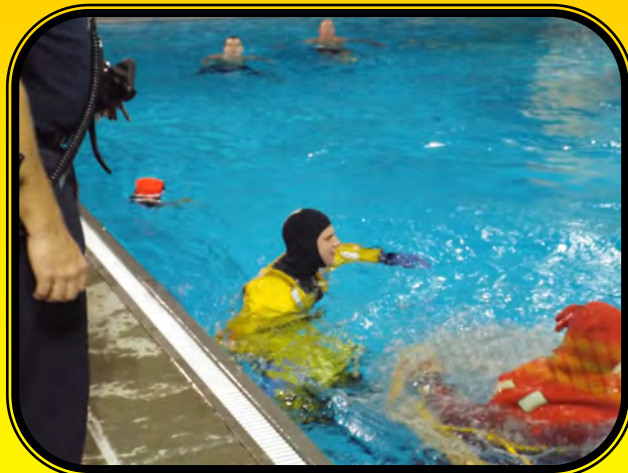

Part-time employees were challenged for the second year with additional training tasks and team building exercises. Various challenges were completed and time results were recorded and compared to determine the winner.

The winning team was recognized with a plaque in the upstairs living quarters.

The bi-annual consumption drill also took place in November.

### Water Rescue Training

Water rescue training took place in August at the Glendale Heights aquatic center. Pictures above are from the Wednesday drill night. Additional training was also completed during the day for all shifts.

## Finest vs Bravest Charity Basketball Event

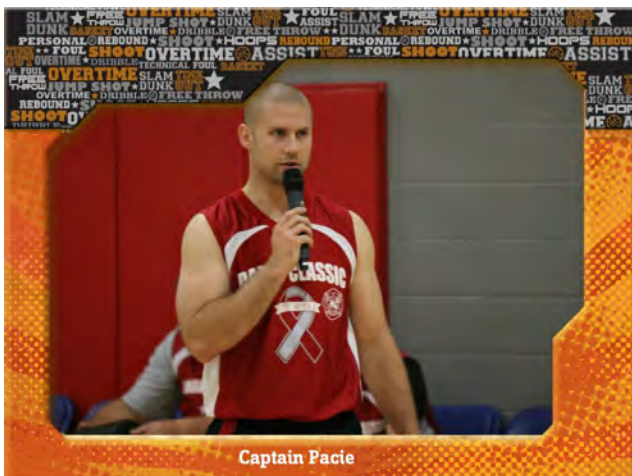

The 5<sup>th</sup> annual Darby Classic charity basketball game was a well-attended event. This was the last year of this game between the Glendale Heights Police Department and the Glenside Fire District. The event was held in November at the Glendale Heights Sports hub. The game was very competitive as usual but this year the fire department was not willing to lose. The FD was able to maintain a lead the entire game and won 50-41. It was a great victory and one that was long overdue for the FD. We thank Mike Pacie and Greg Pirtle for putting the event together and making it such a success. The funds from the game are going to fallen officer Raymond Murrell's memorial fund and toward Marquart Middle schools after school program. The Charity game was able to raise \$2,900 this year.

## Community Commitment...

(Above, left) District members once again assisted in supporting the Glendale Heights Character Counts with their Kiwanis Peanuts Day to support area programs. Members volunteered for 3 hours and earned over \$400 for the GH Character Counts Coalition. (Above, right) District union members (Malinoski, Lipponeur, Cavanaugh, Lipowski and Taylor) made and served lunch for senior citizens at the VOGH Senior Center during a presentation by Fire Marshal Shires of “Fast Facts with Glenside Fire”

Members of the Glenside shift assisted with helping the Village to rebuild the playground at Nazos Park. Gold shift members provided tools, talent and muscle to help this project be completed in August, 2016.

## Community Involvement!

## Recognition and Awards

The Glenside Fire District accepted the Hartmann Award at Advocate Good Samaritan Hospital in Downers Grove, as presented on May 19, 2016. The award is given annually to paramedic and fire districts that exhibit extreme care and rescue in a prehospital setting.

The call involved a motorcyclist involved in a significant accident. The motorcyclist had numerous internal injuries and fractures that were life-threatening. He was transported to the Trauma Center at Advocate Good Samaritan Hospital where a full recovery was made. The District was assisted by off-duty Glendale Heights Police Sgt. Baley and DuPage County Sheriff's Department personnel on scene.

## Public Education Events

Burn cells demonstrating the benefits of residential sprinkler systems were on display for the annual Glendale Heights Show & Shine Car Show in September of 2016. Firefighters Lipponeur and Novielli are called on to extinguish the fire in the “home” that was not protected by a residential sprinkler system.

Smoke detectors in both cells when off between 21—27 seconds. The room with a sprinkler was also extinguished after 47 seconds.

The video recorded was then shown on the Village’s public access channel for the remainder of 2016.

## Annual Public Education Events

The District and its members were once again present at various public education events held within our community as well as at our own station.

- ◇ Glendale Heights 5-Day Fest with fireworks, first aid tent & public education information provided
- ◇ Health And Safety Fair held at the Glendale Heights Sports Center
- ◇ Fishing Derby
- ◇ Various Parties in the Park sponsored by the Village
- ◇ National Night Out

See detailed report with public attendance summaries later in the report.

## Annual In School Education Program

The District has continued to work with the administration for schools that reside within our District. The Fire Safety Program was changed from 3rd grade to 2nd grade in the District 16 schools by request of school administration (note: was with the 3rd graders for the seven years prior). This past year, the students were once again evaluated at the beginning and end of the 7 month program.

- ◇ Analysis of 2015 vs. 2016 scores showed a decrease in both passing scores and decrease in 100% grade—questions may no longer be grade level appropriate
- ◇ The program continues to be a critical filter for students to learn about fire safety

## Fire Prevention Bureau

The fire prevention bureau has completed another successful year. We had to wish our part-time inspector, Bob Garon a fond farewell and all the best in his retirement in Florida. With farewells there is usually hellos and so we welcome Katie Little as our new part-time fire inspector. Katie hit the floor running and quickly achieved her Fire Inspector I and is working on her Fire Inspector II.

We continue to be proud of our 2nd grade Fire Safety program as well as our Lunch and Learn Fire Safety sessions at the Glendale Heights Village Senior Center.

New construction and remodeling in general have slowed. We have seen the opening of many small businesses such as Taco Castillo, Mabuhy Restaurant, several Metro PCS cell phone stores, RS Express and Huskie Tool to name a few. The Oval Fire Extinguisher Company just obtained their U.L. Listing for their products as well.

Below is a statistical summary for the 2015 Fire Prevention Bureau 1,384 total Activities:

427 Fire Inspections	255 Fire Alarm Tests
54 Plan reviews	23 Meetings
29 Public Education Activities	16 Consultations
6 Investigations	17 Fire Department Instructional Training

\$9,101 Inspection & Review Fees Collected

## Chief's Welcome & Notes

We want to thank you for your interest. Our hope is that this report will help with an understanding of the services we provide and the involvement that we have within our community. We offer a variety of educational programs, inspection services as well as responding to both emergency and non-emergency situations. Our department takes pride in the level of participation that we have within our community and the organizations that we are affiliated with. We strive to be role models as well as good stewards of the public's trust.

Over the past year we were evaluated by ISO (Insurance Services Office) regarding our ability to respond to calls in town as well as in our unincorporated areas. They looked at communications, equipment, training, water supply and a variety of other criteria. We are awaiting those results and are hopeful of a positive adjustment to our rating, which could lead to lower insurance premiums for our residents and business owners. Watch the village newsletter and our web site for news regarding our rating.

Deputy Chief Jim Reid announced his retirement in September and after completing a nationwide search and comprehensive testing process, the candidate we chose was from within our Department and has over 20 years of experience. Deputy Chief Rich Cassidy brings a strong work ethic, knowledge base and great personal skills. We welcome Rich to this new role, and are confident that he will perform well and continue as a valuable asset to the department and the community.

On behalf of our members we hope that the residents, visitors and people who work within this community are reassured knowing that there are professional, well trained individuals on duty that can assist them in times of need.

Thank you, and may you and your family enjoy a safe and productive 2017. Please feel free to contact me if you have questions or concerns regarding our department.

Sincerely,

Russell J. Wood  
Fire Chief
